Curriculum Policy

Scope of Policy: Whole School

Relationship to Schools Mission/Vision/Aims:

Blackwater Community School is committed to quality education. It aims to create caring community where students feel cherished, secure, and happy. It aims to give students access to a broad and balanced education and to develop their academic, physical, emotional, and spiritual potential to the full. These aims inform all teaching and learning in the school.

Rationale:

Goals: What is the policy intended to achieve?

The curriculum in Blackwater Community School aims to provide opportunities for all students to learn and to achieve within a supportive and formative environment. It sets out to develop enjoyment of and commitment to, learning as a means of encouraging and stimulating the best possible progress and the highest attainment for all students. It builds on students' strengths, interests and experiences and develops their confidence in their capacity to learn and work independently and collaboratively. It equips them with essential learning skills for life.

The curriculum also aims to promote students spiritual, moral, social, physical, emotional, and cultural development and prepares all students for the opportunities, responsibilities, and experiences of life. It strives to pass on enduring values, develop students' integrity and autonomy and help them to be responsible and caring citizens capable of contributing to the development of a just society.

The curriculum delivered draws on the aesthetic and creative, the ethical, linguistic, mathematical, physical, scientific, and technological, the social, environmental, political and spiritual domains. Blackwater Community School implements the curriculum in an innovative way with commitment and energy.

Subject Choice Arrangements

Subject Options: Junior Cycle

Students make option subject choices before coming into 1st year, 5 of the following are selected: Visual Art, Home Economics, Materials Technology Wood, Engineering, Music, Graphics, Business Studies, Science and Geography.

Students avail of a taster module in French and German for 8 weeks and choose one of the language subjects at the end of the ten weeks. Going into 2nd year students select their top 5 subjects to continue for their JC.

In 2nd & 3rd year the core subjects of Irish, English and Maths are run concurrently for all class groups, facilitating flexibility and movement of students between levels within these class groups. All optional subjects in the Junior Cycle are mixed ability in nature.

Subject Options: Senior Cycle

Students have tasters of some subjects/modules in TY. During TY we have a senior options evening for parents whereby all optional subjects are discussed with Parents and Students of TY and 3rd year students not doing TY (the following year)

They then attend a senior options presentation from our career guidance teacher on the implication of subject choice and requirements of various careers. This is reinforced by access in class to REACH + and careers portal etc during TY. Students entering 5th year must select their top 5 subjects to create option bands to best suit the year group. These bands are drawn up on the basis of student demand following completion of a preference form i.e. some subjects appear once while others appear 2 to 3 times.

Curriculum Supports

Supervised Study

This is provided 5 evenings a week from 4.00 to 6.00pm and from 6.30 to 8.00 – Monday, Tuesday, Thursday and from 1.30 – 5.00 pm on Wednesday - on Friday evening study is between 4.00 – 6.30. Supervised study is provided from 9.00am – 1.00pm during Halloween, Christmas, February and Easter holiday period, subject to demand.

Homework Club

This is provided 2 evenings a week from 3.45 to 4.45 for the SEN students in the Junior Cycle. Two teachers typically work during this session, helping students as the need arises. This service is free.

Class Size

There are up to 30 students in general subject classes, 24 in practical subjects and 20 in Home Economics. In the Special Needs area, class size depends on individual needs varying from 1-1 and small groups.

Subject Planning

Each Subject Department has its own Subject Plan. A copy of these is submitted annually to the SDP Coordinator for BOM approval. The convenor of the team is rotated yearly. The department meets on a regular basis throughout the year. This allows for a review and evaluation to be carried out each year. It also includes recommendations from any previous Subject Inspection in their respective areas, as well as any/all WSE and Subject Inspection recommendations.

Planning for ICT

ICT is integrated across the Curriculum in Blackwater Community School. The quality of teaching and learning is enhanced through the use of whiteboards, a networked computer system, two dedicated computer rooms, 3 Computers on Wheels (COWs) laptops, tablets etc.

The ICT Programme aims to equip students with the skills and knowledge necessary for the use of ICT in the modern world. In school it enables students to carry out assignments, project work, homework and exam questions using ICT.

The Programme includes the following

- Introduction to the computer and its environs
- Keyboard skills
- Microsoft Word – Word Processing
- Microsoft Excel
- Internet
- Computer Management

- Microsoft Publisher
- Microsoft Access
- Microsoft PowerPoint
- ICDL
- Office 365

School Assessment

Summative Assessment is carried out four times a year, at the end of October, Christmas, Easter and Summer. These reports are available on VSWare for parents to access. Copies of the reports are kept on file in the office.

The results included are

- a) Subject Teacher Comment
- b) Grade and Mark
- c) CBA Descriptor where applicable.
- d) Year Head Comment yearly.

Formative assessment takes place on a regular basis in all subject areas.

Mentoring of students is carried out after each assessment period for Leaving Cert State Exam candidates. The mentoring team meet with the students individually to trace progress and to advise about the future.

Athena Academic Tracker

The Athena Academic Tracker is used as a means of determining a student's baseline potential in each subject area right throughout the school. Each end-of-term assessment is tracked, and teachers can determine how a student is performing in relation to their potential. This allows us to track each students' progress as they advance through the school and to make interventions if necessary.

Roles and Responsibilities

The School Management is responsible for ensuring that the Curriculum is provided in accordance with the guidelines as set down by the DES. Individual teachers are responsible for ensuring that the curriculum for each subject is followed accordingly.

Monitoring, Review and Evaluation

- The Principal is responsible for ensuring that the Curriculum Policy is implemented in the school.
The policy is reviewed every 2 years.
The review is carried out by the School Development Planning Committee.
It is presented to the Student Voice, Parents Council and the BOM for sanction.
- Assessment and monitoring of the Policy are carried out on a regular basis by the SDP team.

Adopted at Board of Management meeting:
